One way to do this is by partnering with eBillingHub®, the leading electronic billing provider for law firms worldwide. By joining the eBillingHub Alliance Program, you establish a formal relationship that will put you a step ahead of your competitors in multiple ways.

As an eBillingHub Alliance Program member, you establish a partnership with the largest conduit of electronic invoices in the legal industry. Since its inception, eBillingHub has had unprecedented growth. With more than 15 million invoices processed to date, momentum behind eBillingHub only continues to accelerate.

The Alliance Program comes in three forms: Corporate Management Alliance Partners, Law Firm Management Alliance Partners, and Application Alliance Partners.

## CORPORATION MANAGEMENT ALLIANCE

Being a member of the Corporate Management Alliance Program can help you improve client relations and satisfaction by leveraging your relationship with eBillingHub, the authority in legal e-billing with the largest conduit of electronic invoices in the legal industry. By partnering with eBillingHub, we establish an automatic mechanism to submit electronic invoices to your system. This helps

process invoices more efficiently, thanks to the formatting and validation checks performed by eBillingHub prior to submission. As a result, you'll see a decrease in the support requests from law firms and a decrease in manual processing required, ultimately freeing up your resources and your clients' resources—and improving your client satisfaction.

## LAW FIRM MANAGEMENT ALLIANCE

With more than 75% of the law firm market and growing, eBillingHub is the law firm e-billing service of choice. Working together in our Alliance Program means remaining on the cutting edge of e-billing, while providing the best service to our mutual law firm clients.
